"ALUMNI NOTES"

While the alumni will be visiting the alma mater this August for the Annual Alumni Reunion the friendly "stork" will be visiting the Bernard Petricks '54.

The busy "stork" around the same time has a return engagement with the Leonard Dmuchowskis '55 who are expecting their second child.

Right now this "stork" is resting up from bringing the Walter Szczepaniaks their first child, a girl, on June 1.

Another busy fellow, this time is "Uncle Sam" who seems to be taking quite an interest in our alumni. It has become known that among others the following are in the Armed Forces fulfilling their obligations to their country!

The senior year finally arrived with all its duties and privileges. The presence of Father Brendan, o.f.m. their moderator, helped them to cope with many of their difficulties and to overcome them. As seniors, they were heads of many organizations: the Third Order, PX, library, Paduan and the Siquaeris.

Perhaps their greatest undertaking was the publication of the Siquaeris. Putting a yearbook together requires a tremendous amount of work and this year's issue certainly shows evidence of this.

The month of June is always filled with furious activity. The school picnic and achievement night highlight the first half.

As the school year terminates all their major endeavors will come to a successful end. The exams will be over, and then in a day or two, guests will arrive for the commencement exercises. Graduation is now not a far fetched dream but a reality. The time for bidding farewell is at hand.

PADUA INITIATES TRACK TEAM

This year a track and field team was introduced to the present athletic curriculum at Padua. Under the coaching of Fr. Emil, the new varsity team underwent strenuous practices getting in shape for such track and field events as the 100 yd. dash, the 220 yd. dash, the 440 yd. run, the 880 yd. run, the 880 yd. relay, the mile run, pole vaulting and high jumping. On April thirty-first, after only two weeks of practicing the team was off to Rochester, for its initial showing in the Rochester Catholic Diocesan Track and Field Meet.

The new team used every possible effort to do good in its first meet, but were matched against experienced opposition. They were unable to make headway as they placed fourth out of five teams.

On June first at the Triangular Track Meet held at Odessa, the team was still determined to do well in their second chance and the result was not disappointing as the needed for the success of a team. year.

The Prep started off its '62 baseball season by topping Odessa Central 9-6. The Cascaders took a quick lead with three runs and chalked up six more until nine was reached in the following innings. On the defensive side Padua played a good game behind the pitching of Den Springer, who allowed only one run until the sixth inning when Odessa scored five runs on a few Paduan errors, but the Odessa rally was not enough to top the Cascaders' lead as Mike Murray put the Odessa team down without any trouble in the last inning.
