If You Lose Her, Want Ads Won't Help

Several years ago a request appeared in the want-ad section of a newspaper which read something like this: Wanted-a mother for a little boy of three who is perfectly healthy and happy with the exception that he has a remarkable appetite for-motherly love. Signed: an orphan.

It is sad to say but we take too many things for granted. We learn to appreciate a thing only after we have lost it. The maimed miss the leg or arm they lost; the blind miss the beauty of Nature in its spring array, the deaf miss the sound of the human voice.

When shall we learn to appreciate our earthly mother? After she had closed her eyes and left this earth? When shall we appreciate our heavenly mother, Mary? After, God forbidding, we have ball when all the big stars such been separated from her for all eternity?

May is the most beautiful month of the year and it is only fitting that the most beautiful month should be chosen to remind us of the most beautiful thing on earth-love of an earthly and heavenly mother. It is difficult to describe the love which a mother feels for Niezgoda, is commander-in-chief her children. It is unselfish, it expects no payment in return, it never loses its lustre. It accompanies us both, in life's successes and failures.

Mothers expect nothing in return for all they did for us. But a little token of our appreciation will certainly make her happy. A spiritual bouquet, a sincere, "Thank you, Mom", will do wonders.

Your heavenly mother, Mary, also loves you and is constantly

interceding for you. Thank her, too!

Appreciate your mother before it is too late!

They are the same guys who are always finding fault, grumbling, making life miserable for their fellow students and their teachers too.

Trumansburg Edges Padua In Very Wild Game, 14 to 12

May 2nd found the Cascaders visiting Trumansburg and playing the Central High School team there. In this long drawn-out game, all the pitchers of both teams definitely had an off day, having difficulty in finding the p ate. The four Trumansburg pitchers gave up 11 walks, while Speacer, Czajkowski and Considine, hurling for Padua, gave 12 free passes to first base. The T'Burg hurlers bested the Paduans in the strike-out department 10 to 3. The home team came out on top in the hitting department also, collecting ten bingles to Padua's nine.

The Cascaders led 4 to 2 until the fatal third inning, in which the home team collected 8 runs on five hits, two of which were circuit clouts. Padua came back in the fourth inning with five runs on one hit. In the fifth and sixth frames, Padua remained scoreless while Trumansburg collected two more runs. In the seventh, Watlock started off the fireworks with a single. Minch drove him in with his second double of the day, and in turn was brought in by Czajkowski's double. McDonnell belted in the tying run with his only hit of the day. In T'Burg's half of the stanza, the first man to bat was walked, and the second man pick-

Watlock had the best day at bat, collecting three bingles and a walk out of five trips to the plate. Outstanding, however, was McDonnell who resumed his catching duties. Not a single pitch went past him, and his arm kept the runners close to their bases. Two men were picked off trying to steal second, once breaking up a double steal play. This game showed the outfield to be the weakest point on the team.
